Learning

Work
Learning

The '5 Rs' of workplace learning

- Readiness
- Reflectiveness
- Resourcefulness
- Resilience
- Responsibility

'Becoming a better learner'
© Campaign for Learning

The '70:20:10' model

- ❑ 10% Formal learning
- ❑ 20% Learning through others
- ❑ 70% Learning from experiences

90%
of learning
is experiential
and happens in
the workplace

Getting the best from...

Formal learning

- Identify outcomes
- Connect learning to role
- Create an action plan
- Share your learning

Quick-fire survey

- Identify outcomes
- Connect learning to role
- Create an action plan
- Share your learning

***How could you use
these strategies
effectively?***

Getting the best from...

Learning through others

- Coaching / mentoring
- Invest in knowledge-sharing
- Seek / give feedback
- Discuss improving current practice

Which of these inform your development?

- Self assessment
- Demands of current role
- Future role demands
- External assessment
- Annual performance review
- Personal aspiration
- Colleague feedback

Getting the best from...

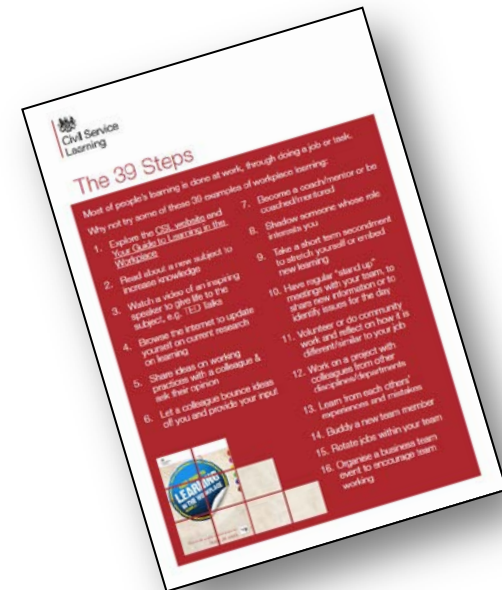

Learning from experiences

- Deputise / delegate for
- 'Stretching' assignments
- Reflection and review
- 'Giving back'

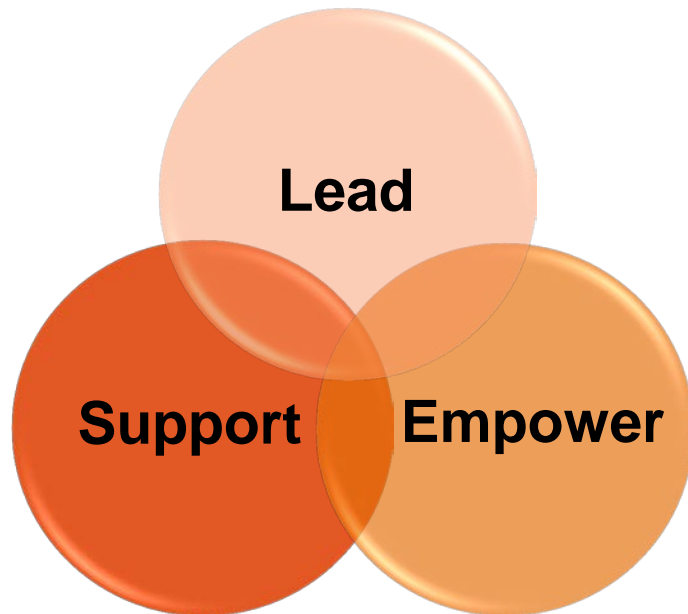

Quick-fire survey

- Deputise / delegate for
- ‘Stretching’ assignments
- Reflection and review
- ‘Giving back’

***Which have you found most useful for your development?
What other strategies have you used?***

The role of the manager

Don't try to micro-manage learning and development!

Managers provide 'scaffolding'

'Stretch' experiences

Assessment

Recognition

Coaching

Action Learning

Collaboration

Motivation

Tolerance of error

Your feedback

- What's working well today?
- How can we make learning at work even better?
